# Adobe Creative Cloud

Student download guide

IMPORTANT: This process may not work properly through the DoE proxy settings at school so make sure you download, install and activate the software at home.

Students can download and use the Adobe Creative Cloud for free on one personally owned device. This step-by-step guide outlines the process for downloading the Adobe CC software.

1. Login to the student portal using your DoE Username and password

2. Within the Learning portlet, click on **Adobe DoE Download Software.** You will then be directed to the OnTheHub website

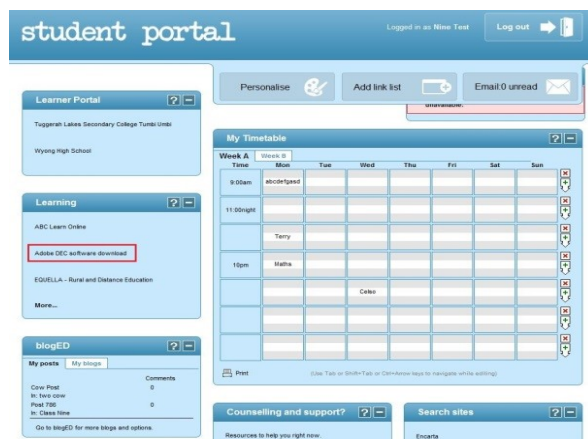

3. Click on the **Sign in** link and enter your School/DoE Username (firstname.lastname@education.nsw.gov.au) and password
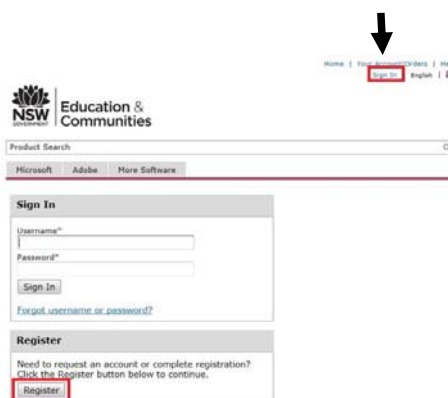

Then click on the **Register** button

NSW Education & Communities

4. Enter your DoE/School email address
   (firstname.lastname@education.nsw.gov.au)
   and click **Continue**

Adobe   More Software

ℹ Your email address has been successfully verified.

Welcome to your Academic Software Center!

All NSW Department of Education and Communities students are eligible to download and licence Adobe and Microsoft software from this website.

Students will need to use their @education.nsw.gov.au student email address to register on their first visit. They will receive a verification email before they can proceed. Individual students are eligible for one download per application only.

Download Software

8. Click on the **Adobe** tab and select the software you wish to download from the currently available selection (this changes as new software is released)
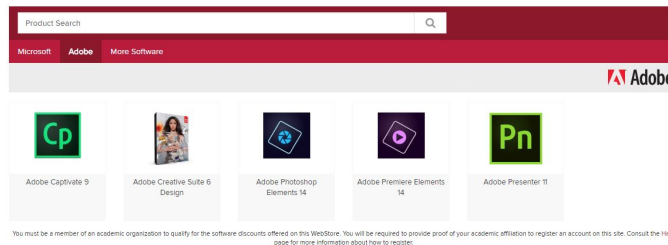

9. Select the **Windows** or **Mac** version and then click on **Add to Cart**
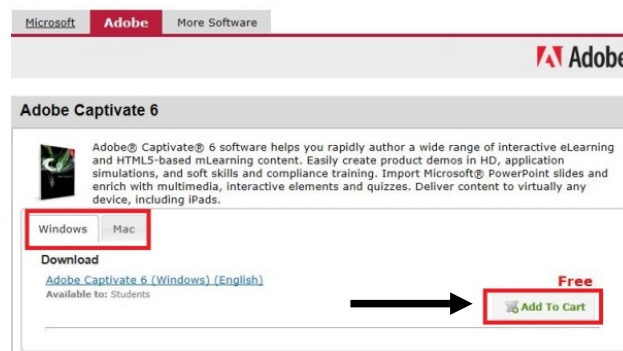

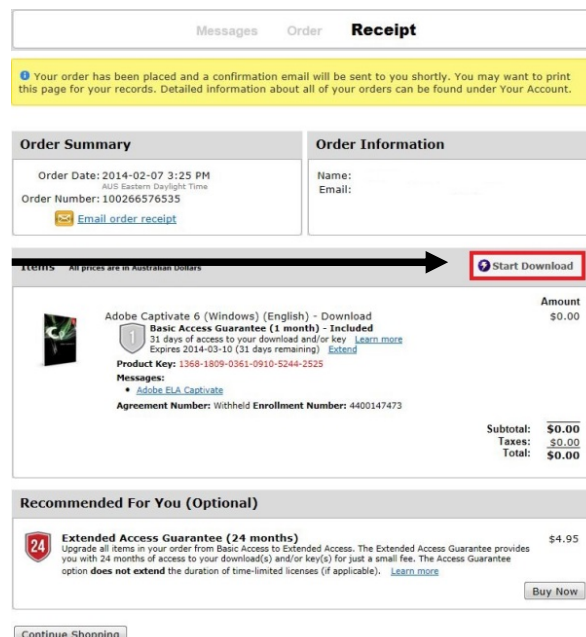

10. Click on **Check Out** or **Continue Shopping**

11. The next page will show the expiry date of the software that is being downloaded. Click **Continue**

12. Check your order details and click on **Proceed With Order**

13. Click **Start Download**
Get Your Software in 4 Easy Steps

Select Language: English (Australia) ▼

1. **Download the Secure Download Manager (SDM)** installation file ❓
   If you have completed this step previously, go to step 3.
   Download SDM ⊕

2. Locate the file from step 1 and run it to **install the SDM** ❓

3. **Download the .SDX file** for your order ❓
   Download .SDX ⊕

4. When the SDM launches, **start downloading your software.** ❓
   If the SDM application does not launch automatically, locate the file from step 3 and open it to download your software.

14. Click **Download SDM** and **Save**

Do you want to run or save **SDM_EN.msi** (757 KB) from **nsw-students.onthehub.com**?   Run   Save ▼   Cancel   ✕

15. When the software download is complete click on **Run**

The SDM_EN.msi download has completed.   Run   Open folder   View downloads   ✕

16. The Secure Download Manager Wizard will pop up. Click on **Next**

Secure Download Manager

Welcome to the Secure Download Manager Setup Wizard

This wizard will guide you through the steps required to install the Secure Download Manager on this computer.

When the SDM has been installed, you will be able to download your software.

The SDM provides for secure, effective and efficient downloads, especially for files that are too large for some browsers to download. You receive the software that you ordered, safely and completely.
